EDUCATION

University of Geneva

MSc in Responsible Management

LUISS Guido Carli

BSc in Management and Computer Science

Avcilar Anatolian High School

Mathematics and Languages

Geneva, Switzerland

Oct 2024 – Present

Rome, Italy

Sept 2021 – July 2024

Istanbul, Turkey

June 2016 – June 2020

WORK EXPERIENCE

Geneva Research Lab for Digital Impact (GRL)

Digital Learning & Project Coordination Intern

Student Assistant – Research & Digital Learning

Geneva, Switzerland

Apr 2026 – Present

Oct 2025 – Mar 2026

- Led end-to-end LMS procurement: evaluated 5 vendors (Canvas, Moodle, Open edX, Opigno, Agora) across technical, compliance, and organisational criteria; produced scoring framework and recommendation adopted by the organisation.
- Administered selected LMS platform — built and structured courses, integrated H5P interactive content, configured quiz logic, and managed user access permissions.
- Coordinated microlearning module production across scripting, design, and launch stages, liaising with UNICEF, Giga country teams, and GRL to ensure alignment with timelines and learning objectives.
- Developed and maintained project management tools to track progress across the full digital production lifecycle; supported scheduling and cross-team workflow coordination across internal and external partners.
- Monitored module quality and user experience; contributed to monthly KPI reporting on production status, engagement metrics, and risks; drafted documentation and briefs to support decision-making.
- Conducted research and expert interviews; wrote and refined microlearning scripts for audiences including practitioners, civil servants, and policymakers.

PROJECTS

Entrepreneurship Lab – Azure Cell Therapies

Feb 2025 – May 2025

- Collaborated with biotech startup *Azure Cell Therapies* to develop a sustainable business model.
- Applied Theory of Change, Product-Market Fit, and Materiality Assessment frameworks.
- Delivered progress reports, integrated peer feedback, and pitched final solution to faculty and entrepreneurs.

Financial Analysis – Alphabet Inc. & Netflix Inc.

Oct 2024 – Dec 2024

- Conducted equity valuation using comparables (P/E ratios) and DCF modelling; estimated stock prices for two S&P 500 companies across multiple scenarios.
- Priced corporate bonds using credit ratings (Moody's), YTM derivation, and DCF; analysed capital structure, WACC, and cost of equity via CAPM.
- Built and optimised a two-asset portfolio (20,000 simulations); identified minimum variance and maximum Sharpe ratio allocations using efficient frontier analysis.

Academic Thesis – Spotify Recommendation System

Jan 2024 – July 2024

- Developed a genre-based recommendation system using Spotify's Web API and Python.
- Leveraged users' listening history and preferences to enhance personalisation.

VOLUNTEERING

Volunteer – Cancer Support Switzerland

June 2025

- Assisted in organising the 25th anniversary celebration; supported event logistics and guest registration.
